## Community & Brand Support

*Describe your destination (who you are, who you wish to attract and why would they come) addressing your strengths, opportunities, and potential challenges. How does your destination align with Montana's brand pillars?*

Belgrade is a quaint, thriving town built on its established service industries and established community. With the growth within the Gallatin Valley, Belgrade supports retail and restaurant businesses along with a booming housing market.

Due to Belgrade's geographic location, settled next to an international airport, at the crossroads of two major highways, and being just 10 miles from Bozeman - Belgrade attracts and supports tourism traffic with its services, beautiful parks and small town hospitality.

The town is easy to navigate when driving, extremely accommodating in its vast services provided, and offers all the amenities travelers seek along with the Montana, local charm tourists enjoy experiencing.

Belgrade is positioned to attract visitors flying in to visit Big Sky and Yellowstone National Park. Many of these visitors rent condos and homes in Big Sky and require supplies, food and beverage before driving the 45 miles to their destination. We are also positioned to attract visitors returning to the airport or traveling from Big Sky and Yellowstone to visit other areas of Montana. Our location is ideal for the stop or a stay when visiting.

### Belgrade, Montana's Strengths

Location - Belgrade is positioned at the intersection of two major highways traveled by tourists. Interstate 90, which offers travelers Eastward access towards Billings and Westward access towards Missoula, and other destinations such as Helena and Glacier Country. State highway 191 is the main, and very scenic route to Big Sky and West Yellowstone. There is also easy access to Virginia and Nevada City and Lewis and Clark Caverns. Belgrade is less than one to two hours from some of our most spectacular, unspoiled nature and charming small towns, not to mention Yellowstone National Park. It is also home to Bozeman Yellowstone International Airport, the busiest airport in our state.

Shopping and Dining - Belgrade offers a number of locally owned and chain restaurants, kitschy shops, ranch stores and antique shops that provide an authentic, Montana experience.

Parks & Events - Our small community is home to two major parks and six smaller neighborhood parks. Lewis & Clark Park, located just off of main, has a splash park and picnic shelters. Gallatin Speedway hosts car races every Friday night from Memorial Day to Labor Day. In the winter, we have two ice skating rinks, complete with warming huts.

Travel Services - Bozeman Yellowstone International Airport offers 11 direct flights to Bozeman from major cities and is the busiest airport in Montana. To support the large number of visitors, we have partnered with Bozeman to have a Visitor Information Center at the airport, and the rental car companies have increased their fleets and services. Belgrade is a great first stop when arriving in Montana due to its next-door location to the airport.

Yellowstone National Park - Belgrade is located within 90 miles of Yellowstone National Park, one of the most popular national parks in the United States. The park attracts tourists due to its reputation for wildlife viewing, geysers, hiking, camping, and other tourist attractions in the summer and winter months.

Year Round Recreation - Yellowstone Country Montana offers year round recreation which draws tourists to the area, whether drive or fly traffic. Belgrade is a hub for tourists traveling to Big Sky Resort, fly fishing on the Madison River, white water rafting and kayaking on the Gallatin River, and accessing the extensive trail systems within Yellowstone Country Montana. We are 40 minutes from two major Ski Areas, and access to thousands of miles of snowmobiling, cross country skiing and snowshoeing.

Lodging Establishments - Belgrade houses 311 hotel / motel rooms along with a handful of privately owned vacation rentals to offer a comfortable place to spend the night before heading out to their final destinations or day trips, or even when heading back home via Bozeman Yellowstone International Airport. Our lodging offers many amenities, including laundry services and breakfast.

### **Belgrade's Opportunities**

Belgrade has an opportunity to capitalize on drive traffic from I-90 or travelers who have flown into the Bozeman Yellowstone International Airport. By educating travelers on the services available in Belgrade, the goal is to increase the ease of their travels and offer a Montana experience. Because of its central location, Belgrade is the gateway to some of Montana's finest attractions, most within a hours drive.

### **Belgrade, Montana's Challenges**

Destination Challenges- Belgrade is not a stand-alone Montana destination community for tourist, nor is it very well know. Even the airport, which is located in Belgrade, has the name "Bozeman" and "Yellowstone" included, which drives visitors to those locations. One of the biggest challenges lies in letting the visitors know that we exist and have amenities to serve their needs. Local car rental companies, Google Maps and even vacation travel sites do not communicate the close proximity and availability of services to our visitors.

Seasonal Traffic - Like many other areas of Montana, Belgrade is affected by seasonal traffic patterns of tourism, which results in above average and low occupancy months.

We want to have tourists make Belgrade their "base camp". We are close to many attractions and by staying in Belgrade you can do them all.

### **Belgrade Alignment with Montana Brand Pillars:**

More Spectacular, Unspoiled Nature - Belgrade is settled in the heart of the Gallatin Valley. Regardless of the direction one looks, the city is surrounded by mountain ranges - The Bridgers, The Spanish Peaks, and The Tobacco Roots. Belgrade is also on the cusp of wide open farm lands, which offers a different scenery than snowcapped mountains.

Vibrant and Charming Small Towns - Belgrade is a vibrant, charming small town. There are antique shops, parks, picnic areas, farm and ranch stores, recreation, and a quaint downtown. With lovely landscapes and smiles on every corner, the town is warm and welcoming to all travelers and locals alike.

Breathtaking Experiences By Day - Yellowstone Country Montana offers a number of outdoor recreation adventures and historic draws for visitors. Whether it's a day hike to a mountain lake, guided fishing expedition, experiencing a day on the slopes of Bridger Bowl Ski Area or a trip to the Lewis and Clark Caverns - there will never be a dull day when visiting Belgrade, Montana.

**Describe your destination.**

Throughout all marketing methods outlined, Belgrade will inspire online interactions by speaking to the need of the Montana traveler. From there, the user will be directed to the Visitor's page on the Belgrade Chamber of Commerce's website where they'll be oriented with the town and its services. Pictures on the website and visitor page of the beautiful landscapes surrounding Belgrade will give the visitors a vision of Montana's beautiful mountains and wide open spaces. With clear communications and visual stimulus, we will facilitate the rendering of Belgrade services. We want travelers to make Belgrade their "base camp". Our marketing this year will gear towards letting travelers know that we are so close to so many attractions, that they can do it all by staying in Belgrade. With this plan, we are hoping that travelers will stay in our hotels, eat in our restaurants and shop on our stores. Digital marketing is working well and the plan is to expand on that. With our marketing firm, The Nest Collective, we plan to put more effort into digital marketing and are working on finding the right partner for that.

  - Desired activities on a Montana trip include hiking, visiting Glacier and Yellowstone National Parks, dining out, visiting Lewis and Clark-related historical sites, driving scenic byways, exploring small towns and villages, etc.
- Niche segments include\*:
  - Family Travelers and History Buffs (each account for approximately 1/3 of travelers from the states key target markets)
    - Index high on outdoor psychographics, have high incomes and would expect to spend more and stay longer in the state than other travelers.

\*(Source: Montana Destination Brand Research Study – October 2016)

We also got the statistics from Bozeman Yellowstone International Airport that will help us to understand where are visitors are coming from.

*b. What are your emerging markets?*

## Emerging Markets

Emerging markets for Belgrade include individuals and families that vacation in Montana and decide to relocate to the area. Gallatin County is growing and Belgrade is maintaining the same growth average as the County at 3.1 percent (source: Bozeman Chronicle/U.S. Census).

## Facilitation

We provide helpful tools to visitors so that they can easily find and utilize the services we have in Belgrade. Our website

(<https://visitor.belgradechamber.org/>) contains a map and listing of services available which can assist them when arriving in the area and at Bozeman Yellowstone International Airport. There are also two visitor centers available to the traveler – at the airport and downtown Belgrade.

## Our Goals:

### 4. Overall Goals

- Highlight Belgrade as an essential hub when traveling to and from tourism destination locations and the Bozeman Yellowstone International Airport. Promote the local businesses as supportive, knowledgeable, and most of all convenient for travelers.
- Position Belgrade as a convenient exit on I-90 for services needed to support drive traffic.
- Capitalize and support the tourism efforts of Bozeman, Big Sky and West Yellowstone and surrounding areas.
- Continue to improve our marketing with the assistance of the Bed Tax Funds and form a TBID to help with local marketing, signage, and beautification.

*a. In what types of co-ops with MTOT would you like to participate?*

At this time, we are not planning to participate in any joint ventures for FY19. If the opportunity arises during the fiscal year, we will use the money in Opportunity Marketing for a joint venture.

**Optional: Include attachment here.**

*b. In what other types of co-ops would you like to participate? (Regions/CVBs, etc.)*

We do have money leftover that we will be using in a joint venture with the Belgrade Chamber of Commerce to redo the entire website to make it mobile friendly and easier to navigate.

c. What types of co-ops have you done in the past? Were they successful - why or why not?

Last year we partnered with Yellowstone Country with the marketing campaign with Travel Advisor. We felt that we didn't see the results we were hoping for.

**Marketing Segment, Method & Budget**

Marketing Segment	Marketing Method	Describe your method.	Provide supporting research/statistics.	How do you plan to measure success?	Provide a brief rationale for this method.	Estimated budget for method.	Marketing Method Evaluation	Add'l Attchmnt
Consumer	Online/Digital Advertising	<p>Geotargeted digital advertising will be used to reach our target audience/demographics in the key markets where they reside. The goal is to educate the travelers of the options located at/near the airport when arriving for their Big Sky and/or Yellowstone Park vacation. By geotargeting our message, Belgrade will efficiently maximize the provided budget in a manner which will also provide concrete tracking and reporting tools to monitor and adjust the campaign(s) as necessary. We will do a main focus on the Winter (Cold Season)markets to bring more business locally during that time, which is the weakest business season for our community. Additionally, we have the services these travelers desire before they commence thier travels to their winter vacation destinatio. In summary, we will target our messages to:</p> <p>Gender: Male; families Age: 25-45 HHI: \$60-75K or more</p>	<p>Montana Brand Book- Defining the Winter Experience; Montana Destination Brand Research Study- October 2016</p> <p>This target audience are city dwellers, married with children, well-educated, affluent, and younger.</p> <p>Winter (Cold Season) target markets will be Los Angeles, New York City and surrounding area, Chicago, Washington, DC and Denver.</p>	<p>We will efficiently maximize the provided budget in a strategic manner which will provide concrete tracking and reporting tools to monitor and adjust the campaign as necessary.</p>	<p>Geotargeted online advertising can best reach our potential customers and travlers in their markets and when they are searching for travel and travel amenities.</p>	\$15,000.00	<p>This method was successful and we met our objective. The digital ads were presented to travelers in specific markets as they were searching for travel amenities. From months November 2018 - April 2019, we had 2,290,108 impressions with 3,396 clicks. This method will be continued and adjusted for the markets we are targeting.</p>	<p>Belgrade Chamber of Commerce Full Report.pdf</p>

		Inten/Contextual Targeting: Winter travel to Big Sky and or Yellowstone in addition to Yellowstone Country in general.						
Consumer	Social Media	Belgrade will utilize their Facebook page to offer monthly content and creative to solidify the consistency of the online campaign. This will also provide a traffic source to the Belgrade Chamber of Commerce's visitor page on the website. The goal in utilizing social media is to increase fan base, awareness of Belgrade services and increase Belgrade's exposure. At least one post will be made daily. The opportunity budget will also help support this marketing method by boosting posts for additional exposure opportunities.	Again, our research has shown our target market uses technology to plan and explore destinations before they arrive and are frequent and heavy Internet users. Social Media is an effective internet marketing tool. We have the opportunity to market to large groups of people at a minimum expense, who by their activity have shown interest in Montana and all of the attractions and outdoor activities. We can push more people to our website, where they can learn more information about Belgrade to help them plan their current or future vacations or business trips.	Analytics for click throughs will be analyzed. We had a fairly successful social media presence. We posted to facebook quite often and share a lot of scenery pictures and events for the area. We plan to do more ad buys this year. With our new marketing person we will accomplish a lot more and it will offer us better exposure. We Plan to meet once a quarter to go over the numbers and make adjustments.	Our rationale is with a small budget to get the best bang for our buck. Our advertisements will increase the "likes" to our Facebook page and increase the traffic to our website. Each person who likes our page will be spreading the word. Just like word of mouth is a great advertisement, the same goes for social media.	\$1,000.00	Yes, this method was successful. We increased our "likes" 20%. We also saw more engagement on our posts about the area and amenities provided. We will continue to use this method.	
Consumer	Ad Agency Services	Our marketing firm, The Nest Collective, has been great in designing and placing the digital ads in the past. Ads this year will be placed with care and with research. They must be placed in a way to catch the travelers eye and be interesting enough to be clicked on to provide more information.	The plan is to let the experts design the creatives. Final approval will be given by the CVB Board.	By keeping an eye on the analytics, we will know if the ad placement is correct. Changes will be made accordingly.	The more eye catching the ads, the more it will appeal to the traveler and they will click on them. Once they click on the ad and land on our visitors page, then they will be educated on what Belgrade has to offer.	\$3,000.00	The money spent for ad agency services was included in digital marketing, were production costs and were part of the digital marketing budget.	
					By updating and			

Consumer	Website/Internet Development/Updates	<p>The entire site on the Belgrade Chamber of Commerce's website <a href="http://www.belgradechamber.org">www.belgradechamber.org</a> will be redesigned in order to best communicate the benefits Belgrade businesses can offer travelers. The site is not mobile friendly and cumbersome to navigate. With a fresh new look, to go with the specific Visitor Page (redone the first year), the site will enhance the users experience. This will allow other marketing efforts to drive traffic to the Belgrade Chamber's website to help achieve the goals set forth in this plan. The Belgrade Chamber of Commerce will also put money towards this venture. This is not new money, but money that will be left over from FY18. Funds will be used in FY19 and the Chamber will contribute \$3,000.</p>	<p>The supporting research in our narrative shows our target market uses technology to plan and explore a destination before they arrive, and are frequent and heavy Internet users and mobile devices such as smart phones and tablets. By reaching them before they get off the plane, they will understand that they can stop in Belgrade and get all their supplies before heading out to their destination.</p>	<p>Using the google analytics we can track the traffic on this page, and what types of services they are interested in. We also need to monitor published findings from other resources to discover new opportunities to better manage our website and page content to make the visitors trip to the site problem free.</p>	<p>making our entire website more user freindly, attractive and informative, the visitor will be able to see what services Belgrade has to offer i.e restuarants, retail stores, gas &amp; convenience stores and lodging. It will also list support services that travelers may be seeking. A list of parks and their amenities for picnics or a break for the children. Taking in an event when available and making the community look professional and appealing for possible business relocation. Some services may be obtained prior to visiting such as groceries &amp; other supplies needed for condo stays, as well as lodging for those late night flights before making the trek to Big Sky and Yellowstone National Park or vehicle travelers stopping for the night.</p>	\$23,000.00	<p>In FY19, we sent out the RFP, met with those who responded and selected the agency to create the website. The site and photos needed will be completed in FY20.</p>

Marketing Support	TAC/Governor's Conference meetings	As required, we will attend the TAC Meetings and the Governor's Conference on Tourism. We find this conference a wealth of information and learn something new each year. The networking with other CVB's, Regions, and tourism related businesses make the experience very valuable. We are always very inspired after attending conferences.	Personal experience from attendance at this conference has proved to be a very educational conference. We have implemented several programs from information that we received at the conference.	the information that the attendee(s) bring back to the CVB and Chamber Board and how that informations was implemented to improve our CVB and marketing efforts & results.	attendance at the meetings is to enhance the ability of any region or CVB to stay compliant with the regulations and to have a greater understanding of what MTOT is undertaking on behalf of the tourism segments in Montana.	\$1,500.00	Governor's Conference. Staff reported back to the board of directors quarterly meetings. A total of 5 new items such as new resources, information and training were obtained through the meetings and conference. We will continue to use this method in the future.	
Marketing Support	Marketing Plan Development	Since we aren't in the marketing business, we felt it was important to involve those who were experts in their field. We have hired The Nest Collective to helped us put together this marketing plan and deciding the best ways to spend our funds. Kendra Callentine, owner, is very knowledgable about digital marketing and has many contacts. She was already a member of our CVB Committee so she is familiar with the former Marketing Plan. She worked for Mercury, and assisted in putting together the State Marketing Plan. She is working on upgrading our SRO and information on other sites. She has been a great help already.	Consulting with other CVB's and Regions, they felt involving a marketing company was a prudent way to spend funds and get the best marketing for the dollar.	As we prepare our quarterly reports, we will go over our numbers on social media and our online presence to see if our choices were successful and adjust from there. We came from nothing and have a lot of work to do to get Belgrade's name out there. We plan to very aggressive in FY19 and will follow the analytics closely.	We are not experts in the Marketing Field and there is so much out there to choose from. Kendra Callentine has a great reputation and is committed to Belgrade. She has some great ideas for our marketing. With Kendra's background with Mercury and the MDOT she is a great fit for us and will create a great niche for our community. In looking at the results from last year, she did a great job in placing the creatives in the correct place.	\$1,275.00	This method was successful and we met our objective. I worked with Kendra from the Nest Collective and received marketing advice. The project was completed on time and within the budget. We will continue to use this method.

We brought back information to our board from attending 2 trainings with Voices of Montana Tourism and hosted a training in Belgrade. We will continue to use this method.

By creating short 30 second videos that highlight different sectors of Belgrade, we feel this will create excitement for travelers. We will be creating these videos with the help of a film student who will do the filming and editing.</p>	<p>After attending the Governor's Conference and sitting in on a breakout session on digital advertising, I wanted to launch this campaign.
