Research Committee—Rhonda Fitzgerald, Chair
Rhonda reported that there were 28 new research projects proposed for FY18. The Committee met and narrowed that down to about 6 projects that will be reviewed further by ITRR to analyze the method of research needed and an associated cost for each project. The Committee will make a recommendation for research projects to the full Council in February 2017. Rhonda also announced that Dr. Norma Nickerson has been appointed to the Federal Reserve Bank Board of Directors.

Site Selection—Glenniss Indreland, Chair
Glenniss worked with Marysue Costello to review the TAC meeting location criteria. They developed new criteria will be used with the following philosophy: "TAC meetings are a chance for tourism partners to build relationships, collaboration, camaraderie and team work with peers across the state in an enthusiastic way that is unique to the hospitality industry. This is an opportunity to learn about different characteristics, challenges and strengths of the host community and how tourism and other industries affect their way of life. The meeting is also intended to be an economic boost to a community, not a drain on resources. The preference is to alternate between eastern and western destinations and planned so that it is the opposite location of the spring Governor’s Conference on Tourism & Recreation. Visiting towns with CVBs is beneficial to see the results of the lodging tax, grants and other state support in action. Occasionally, the TAC may recommend an under represented area for the purpose of discovery and support."
The location selection guidelines will remain the same in that the TAC encourages meeting locations that support the Montana brand, the tourism and recreation strategic plan and rotate around the state. Glenniss also noted that with budget constraints, the TAC will continue to work with MOTBD to make the meetings more efficient and cost effective.

A request was made for the TAC to get a budget amount from MOTBD so that they have a better understanding of how much their meetings cost. Multiple requests were made regarding the possibility of reinstating the February meetings if there is not going to be a meeting at the annual Governor's Conference on Tourism & Recreation. Bill McGladdery stated that he would meet with Department of Commerce Deputy Director, Doug Mitchell and MOTBD Administrator Sean Becker to discuss these requests further.

Glenniss stated that the process would be for applications for locations to be submitted to MOTBD about 12-18 months in advance. Once MOTBD staff has reviewed to confirm that criteria have been met, the information would be sent to the TAC Executive Committee for review and selection and they would make a final recommendation to the full Council 9-12 months in advance of the meeting. MOTBD staff would handle logistics with the selected location. The TAC Chair and Vice-Chair would collaborate with MOTBD Administrator and/or Sales & Constituents bureau chief on the meeting agenda. The tentative agenda would be sent out 3-4 weeks prior to the meeting and the final agenda would be sent a minimum of two weeks before the meeting.

For the June 12-13, 2017 TAC meeting, the TAC Executive Committee recommended Havre.

Steve Wahrlich moved to approve the recommendation. Kim Holzer seconded. Motion passed.
