Community & Brand Support

Describe your destination (who you are, who you wish to attract and why would they come) addressing your strengths, opportunities, and potential challenges. How does your destination align with Montana's brand pillars?

VIBRANT AND CHARMING SMALL TOWN

Great Falls is the 3rd largest city in the Nation's 4th largest state. With 1 million residents in the State and just under 60,000 residents in the city, the open space appeals to residents and non-residents alike. Last year alone, 12 million people visited Montana, and 1 million spent a night in Great Falls. Designed for independent, outdoor adventurers and planners of meetings, Great Falls provides a true, authentic Montana experience.

Great Falls will have 2,292 rooms available any given night across 30 properties beginning in July 2019. Our inventory by property is broke down by room capacity with:

- 17% with less than 30 Rooms
- 57% with 31—99 Rooms
- 27% with 100+ Rooms

SPECTACULAR UNSPOILED NATURE

Great Falls is Montana's Basecamp for Art and Adventure. Our community sits on the banks of the Missouri River in the center of the State. Great Falls is a basecamp to the Rocky, Big Belt, Highwood, and Little Belt Mountain Ranges; each providing public access for a variety of outdoor recreation. It is also a basecamp to the Sun and Smith Rivers; Belt Creek, and Holter Lake; it is 2.5 hours south of the East entrance to Glacier National Park, and 3.5 hours north of the North Entrance to Yellowstone National Park. Great Falls' access to a variety of outdoor adventures is complimented by a haven of rich arts, culture, and history in a vibrant, modern community where you can renew your spirit.

Great Falls is Montana's Museum Capital. Famed Cowboy artist and humanitarian, Charlie Russell made Great Falls, Montana his basecamp and the museum that bears his name has the largest collection of Russell's work, the complex has his studio and home, and The C.M. Russell Museum has been named Montana's Museum worth driving for. The Lewis & Clark Interpretive Center has North America's most extensive display of the Lewis & Clark expedition. First People's Buffalo Jump is North America's Largest and is a National Historic Landmark. The remaining museums in Great Falls celebrate our history, the life of Brother Van, modern artists, the railroad, the artwork of Sister Mary Trinitas Morin and Mother Raphael Schweda, the military missions at Malmstrom Air Force Base, and a hands-on Children's Museum.

BREATHTAKING EXPERIENCES BY DAY, RELAXING HOSPITALITY BY NIGHT

Great Falls becomes the Western Art Capital of the World for one week in March, in celebration of Charlie Russell's birthday. This signature event brings in over 750 artists at 15+ shows for a variety of auctions, direct purchase, quick finishes, demonstrations, lectures, music and more. There is 53 miles of trail along the River's Edge that is home to 24 works for art. Great Falls is Montana's Museum Capital, home to Montana's Best Coffee Shop, Montana's Best Burger, Montana's Best Irish Pub, and is Montana's Pizza Capital. Great Falls also boasts Montana's Best Tiki Drink, Montana's Only Live Mermaids, Montana largest specialty dry goods store, and Montana's State Fair. Our downtown has nationally recognized outdoor dining on pedlets, and a new suspndlet coming this summer!

Tourism is a critical driver of the Great Falls economy, accounting for 8% of the GDP. Businesses that make up the Tourism Industry account for 3,080 jobs and over \$72 million in payroll locally. Tourism Industry businesses account for over \$33 million in property taxes. Great Falls' tourism industry accounts for 9% of Montana's total overall tourism impact, and the State, the City and the Region's tourism economy is driven by outdoor recreation.

STRENGTHS

- Art | In the broadest sense of the term, Great Falls has art—from statutes and murals on the river's edge trail and downtown, to state parks and museums that capture our history and culture, to restaurants who source local food, to residents who create masterpieces on canvasses or using batik, and our entrepreneurs who create industry-changing products. Great Falls is creative, innovative, and full of art.
- River | The Missouri River connects Great Falls' history to the Plains Indians, Corp of Discovery, mining and electricity. Today it provides access to outdoor recreation, bird viewing, a path for scenic drives, and a backdrop for stunning photography.
- Basecamp | In about an hour or less from Great Falls, you can be in the Rocky Mountain Front and the greater Bob Marshall Wilderness Complex, Sluice Boxes State Park and the Little Belt Mountains, the Highwood Mountains, on Holter Lake, at Smith River, Sun River. And, just a little further in Glacier National Park.
- Malmstrom | 3,300 personnel, along with their families, are stationed in Great Falls' air force base. The base itself draws national contractor business, and the personnel's extended family come to visit.
- GTF | Our international airport is small and accessible, offering direct flights from Seattle, Denver, Las Vegas, Minneapolis, Phoenix, Salt Lake City, and seasonally to Chicago.

WEAKNESS

- Venues| Tried and true, our facility infrastructure is stable but suffers from deferred maintenance and lack of capital investment for industry demanding improvements.
- Impression| Immediate thoughts of Montana include mountains, roaming wildlife, and backpacking adventures, and Great Falls is a modern community on the Missouri River with an industrial history.
- Detractors | 34% of Great Falls residents hold a low-self image of and are negative about the community being a great place to visit.

OPPORTUNITIES

- I-15 Corridor | Great Falls is roughly halfway between Salt Lake City, Utah, and Edmonton, Alberta (via Highway 2 in Alberta, Canada). Through traffic provides a chance to convert travelers for experiences and events. 55% of travelers drive through Great Falls without spending a night.
- Air Service | United, Delta, Alaska, and Allegiant are great partners, however, there are opportunities to add carriers and direct flights.
- Events| Signature events give visitors a specific time to travel to Great Falls. We have room to add more.
- In-Market Experience | The Missouri River is amazing; however, we are missing the opportunity to make it, and other experiences, easier to access. Great Falls can benefit from easy access equipment rentals, tour guides, facilitated experiences, and review worthy interactions.

THREATS

- I-90/I-94 CORRIDOR | This Montana route has larger communities with larger population bases, sees higher traffic counts, and has had more success in event routing than I-15.
- Market Economy | Volatility in the local economy of our target market communities can directly impact travel decisions.
- Growth | The success of peer and benchmark communities related to increased retail experiences and capital investments in infrastructure have increased their tourism budgets to attract more visitors, causing Great Falls to lag behind.

Describe your destination.

Great Falls Montana Tourism is the Destination Management Organization [DMO] focused on promoting the city to overnight visitors. We will leverage the Montana Brand and use paid, owned, and earned media to orient overnight visitors to Great Falls' unique spectacular unspoiled nature and the only in Great Falls breathtaking experiences that can be had by day, with the ability to come back to the relaxing hospitality of our community to renew their spirit for the next day. By developing trip ideas, itineraries around specific events, we will facilitate extended stays in Great Falls, a vibrant and charming small town full of art and modern amenities, prior to departing for adventures in more of Montana's spectacular, unspoiled nature.

From every direction, Montana's spectacular, unspoiled nature calls you closer – from two of America's most amazing national parks, a short drive in either direction, to the miles of trails along the Missouri River and beyond, it is all accessible beginning right in Great Falls. It beckons you to discover

Montana's rugged and alluring outdoors freely with independence.

One of the greatest things about our community is we are welcoming, down-to-earth and proud of what we have. We are forward thinking and unapologetic about creating a future based on our potential. Great Falls is a place where you feel more independent, more liberated from conformity and convention. You are more free to pursue your passion, from outdoor recreation to embracing your inner artist.

It's a place where you can be in the middle of an evolving and vibrant downtown life near the riverfront and yet never far from getting away from it all. If you look at life as a wonderful, ever-changing adventure (as we do), we invite you to come to a place where you can live it abundantly, celebrate your independence every single day.

Great Falls provides a basecamp for a wide range of outdoor adventures and offers a haven of rich arts, culture, and history in a vibrant, modern community where an expansive, unspoiled, diverse landscape renews one's spirit!

b. In what other types of co-ops would you like to participate? (Regions/CVBs, etc.)

Great Falls Montana Tourism would like to participate in video, photo, research, trade shows, content and leveraged and joint media buying joint ventures.

c. What types of co-ops have you done in the past? Were they successful - why or why not?

Great Falls Montana Tourism has greatly appreciated previous joint ventures with Central Montana on trade shows and leveraged media buying. We have participated with Glacier Country led Region/CVB Meeting Planner Events, and Great Falls International Airport for leveraged media buying and photos. We partnered on content pieces with the State of Montana through Interfuse and Roots Rated as well as joint media buying with Sojern and National Geographic. We have partnered with CM Russell Museum on a content article in Yellowstone Journal.

These joint ventures strategically leverage our limited budget and will continue to be staples in our leisure traveler strategy. They were successful. Great Falls Montana Tourism will take advantage of joint ventures that fit with our market, strategy and message focus.

We will continue to use this method.</p> <p>We did a content piece with Connect that focused on the unique experiences in Great Falls all year long. The placement includes a story that lives on our website and banner ads placed to drive traffic to the content. The paid media ran the month of November and generated 1,718,456 impressions and 4,997 unique clicks. The total unique views of the content on our website was 5,691 with an average engagement time with the content of 2 minutes 13 seconds. We used our joint venture funds to partner with Central Montana to secure Visa Vue research. We received the research and reviewed it. A sample of the data received is attached and all files containing data are available in our research folder on the networking drive. Great Falls Montana Tourism was able to use the data to determine market and message for its marketing plan and messaging for owned media. This method was successful and will continue to be used.	
Consumer	Print Advertising	Great Falls Montana Tourism will invest in targeted print publications when it matches with our strategies. One publication, in particular, Yellowstone Park Journal, provides the opportunity for leveraged contact and email based leads interested in Great Falls. Historically, CM Russell Museum makes a placement in this publication which enables Great Falls Montana Tourism to increase the amount of content placed within the publication. The content and additional benefits that come from a print placement	Historic performance to include the number of leads, shared content through digital platforms, and total distribution. While most of our media placement is digital, strategically placed print is beneficial when it supports our messaging and marketing strategies.	\$15,000.00	Yes. This strategy was successful in meeting our objectives. Our methods included the publications and related digital sites for Yellowstone Journal, Central Montana Travel Planner, and, a new method, Livability. My Yellowstone Journal is half page with one page of content that provided us with 10,392 opt-in email leads. The print ad is leveraged with their owned Facebook channel, which was reported on under digital. It also leverages their newsletter, as one story among others, which generated 112 clicks. This method will continue to be used due to the value of the leveraged media and op-in email leads. We place a full-page ad in the Central Montana Travel Guide. This year's results for this placement were dramatically impacted by COVID-19. The publication was distributed by mail to 2,856 people and was viewed on by 2,171 on CentralMontana.com. Although this year's results were not what we were used to, this method will continue to be used as previous placements produced positive results. Newly relocated populations come from the same markets Tourism targets, so the thought was, not everyone who considers relocation, does, so it may be a great opportunity to generate overnight stays from those considering Great Falls. The online version was viewed 31,300 times with an average read time of 3:14. The ad, placed on Facebook, reached 15,225 people, had 131 clicks, and 1,592 reactions. Although this placement produced positive results, this method will only be considered in the future with a broader distribution strategy of the materials.	
Consumer	Opportunity Marketing	Great Falls Montana Tourism will be responsive when a unique opportunity to promote Great Falls arises. The opportunity will need to produce strong return on investment and align with our strategies and goals.	Historic performance of opportunities.	Dependent on the opportunity selected. Consumer	Printed Material	We switched from an 86 page printed booklet three years ago, covering in detail every experience in Great Falls, to a condensed version, hitting the high points, and driving traffic to our website. We supplement the brochure with specific information tailored to each request and this has suited us well with the changed landscape of mobile use, and specific experineces.
