Community & Brand Support

Describe your destination (who you are, who you wish to attract and why would they come) addressing your strengths, opportunities, and potential challenges. How does your destination align with Montana's brand pillars?

As the closest entrance to Old Faithful and Grand Prismatic in Yellowstone National Park, West Yellowstone has identified itself as the central location for exploring the Park. Sharing a border with Yellowstone and surrounded on all other sides by the Custer-Gallatin National Forest, the town has become the center for an amazing array of activities. Clean air and water, abundant wildlife, scenic beauty, geothermal wonders and historical reference all have made West Yellowstone a national and international destination.

West Yellowstone offers visitors an amenities-rich, safe platform for breathtaking experiences. Visitors can fish blue ribbon trout streams, hike in pristine wilderness, experience real western horseback riding, go

whitewater rafting or mountain bike on hundreds of miles of single track and forest service roads. In the winter months there are over 50km of groomed ski trails for Nordic skiing and over 400 miles of groomed snowmobile trails for recreation, including snowshoeing and sled dog rides and races.

Those looking for fun, family-friendly activities can visit the Yellowstone Giant Screen Theater, presenting a six-story high screen with stereo surround sound or the Grizzly & Wolf Discovery Center, open 365 days a year, offering an educational experience and viewing area for visitors to watch live grizzly bears, wolves, and raptors, new in 2019 the riparian exhibit with river otters and other native wetland species in their own natural habitat. Many nights during the summer season, visitors can enjoy live theater, free concerts in the park, and authentic rodeos. The 4th of July Community Celebration, Annual Rod Run (the largest event of its kind West of the Mississippi), and regional Cowboy Mounted Shooting Competition are events that enhance any visitor's experience.

The Museum of the Yellowstone, located in the original Union Pacific Depot, features the history of visitation and transportation to our nation's first national park. Open daily from the middle of May through the middle of October. Visitors can also experience early West Yellowstone through the free, self-guided historic walking tour. Nearby attractions include the 1959 Madison River Canyon Earthquake Area & Visitor Center, Nevada and Virginia Cities, and the Nez Perce Trail.

Having the west entrance to Yellowstone National Park mere blocks from downtown funnels over two million visitors through West Yellowstone. Our challenge is enticing these travelers to stop and enjoy the amenities our town has to offer, before moving on to other locations.

As a gateway to Yellowstone Park, West Yellowstone is subject to public policy and the economic ups and downs triggered by off-seasons that create a cascade of challenges including cash flow problems and difficulty in maintaining a stable employment base and housing.

Strengths:

- West Entrance to Yellowstone National Park.
- We are seen by some visitors as synonymous with Yellowstone Park and can effectively market ourselves as —Yellowstone Plus!
- Close proximity to Teton National Park and situated on the primary corridor between Glacier and Grand Teton/Yellowstone National Park.
- Access to outstanding natural assets such as mountains, lakes, and National Forests.
- A nationally recognized, well-developed system of winter trails.
- International recognition among groups and individuals (i.e. Nordic Ski)
- Ideal family vacation spot -affordable, fun, educational, clean, safe with a variety of activities.
- Seasonal airport served by a regional carrier offering daily jet service mid-May through mid-October (extended in 2019).
- Home of the Yellowstone Museum.
- A host of year-round events.
- Central location to area downhill ski resorts.
- Additional community marketing resources. Town of West Yellowstone Marketing & Promotions grant fund, West Yellowstone Tourism Business Improvement District, West Yellowstone Economic Development Council, West Yellowstone Foundation, etc.
- Potential tourism partners – Gallatin County, chambers, regions, Yellowstone Teton Territory (ID), and Visit Utah.

Challenges:

- The perception that West Yellowstone is only a gateway into the Park and not a destination.
- The considerable distance and lack of easy access from major population centers.
- National and world events including terrorism, infectious diseases, and natural disasters that impact tourism.
- The negative press generated on issues such as the wildlife, climate, natural events and Park access.
- Perception of limited or lack of restaurants, nightly entertainment & family friendly activities/events.
- Managing the number of visitors and traffic flow.
- Access to campgrounds, trails, and public lands in the national forests.
- Public policy decisions (budget cuts, work visas) demand immediate response and resources, but ultimately, we may not be able to affect them.
- Effective means of communicating with visitors passing through.
- Increased price in lodging
- Fewer RV space and services
- Non-resident ownership and partnerships that results in more limited community involvement.
- Lack of public transportation regionally and through the Park
- Developing competitors in neighboring communities like Island Park, ID

Competitor Analysis

The attached chart outlines both direct competitors and an emerging area of competition: routes that either totally by-pass the west entrance/West Yellowstone or routes that move one or more nights that would have been spent in West Yellowstone to another community or state.

Integration with Montana's Brand Platform

You could say that West Yellowstone IS the brand pillars:

With Yellowstone Park in our "backyard" and our "front yard" composed of three national forests, *we can offer* more spectacular unspoiled nature than anywhere else in the lower 48. As the west entrance to Yellowstone National Park and geographically located adjacent to the National Forests, just two miles from Wyoming and 12 miles from Idaho, we are uniquely positioned to be a vibrant and charming small town that serves as a gateway to natural wonders.

Our messaging is similar to the guidelines laid out by Destination Analysts: honest and genuine, focusing on adventure and activity-based niches, unique experiences and access to unspoiled nature with modern comforts.

We differentiate our value proposition by featuring direct access to the First National Park (closest entrance to Grand Prismatic and Old Faithful) and a wide range of activities in every season to offer breathtaking experiences by day, relaxing hospitality at night.

Describe your destination.

While all phases of the decision-making process are key for West Yellowstone, we incorporate imaging of Yellowstone National Park and unique activities, both warm and winter seasons, during the Inspiration Phase. We often include images and messaging in our marketing, because the sights and sounds of Yellowstone are easily recognized by potential visitors to our area.

During the Orientation Phase we try to incorporate a destination message to distinguish West Yellowstone as a location outside of Yellowstone Park, yet an important gateway, with unique amenities and experiences of its own. We use maps and directions regarding our location to transportation hubs and distance from major landmarks to accomplish this.

Our Visitor Information Center and Website are our greatest tools for Facilitation. They allow potential and in market visitors to plan routes, lodging and activities, either online or with one-on-one assistance.

a. Define your target markets (demographic, geographic and psychographic).

In West Yellowstone, we strive to target the best markets that will drive sufficient volume year-round to fill over 2,500 hotel and motel rooms, cabins, condos, and vacation rentals.

As a result of the Destination Analysts Study, Destination Think Tourism Sentiment Survey, NSight Report and others we have received specific to West Yellowstone, we learned that the Geo-Traveler spans multiple generations and characteristics, and has now morphed into a general profile of the high potential visitor, with high-value niches.

Further research has shown us that our demographics are relatively split between male and female, skewing slightly depending on the season, average ages of 35-64. While our overarching group descriptors are Family Travelers, International and Active Mature, we are able to break these down even further to Bucket Listers, Experience Seekers, Dream Trippers, Adventure Seekers and Go For It Families (source: NSight)

We use our marketing funds to focus mainly on the family travelers and winter enthusiasts, incorporating niche messaging into our shoulder season campaigns. With our public/private partnerships, we are also able to penetrate some international markets including China, UK, Germany, Europe and India.

Target Geographic Markets

Due to Covid-19, FY21 geographic markets will shift even more to drive markets including our surrounding states, the NW region, CO, NV, and AZ. Winter will continue to include the Midwest states that come for snowmobiling and Nordic skiing.

West Yellowstone's primary geographic target markets have historically included:

- *Our top 10 states* are Utah, Montana, California, Texas, Idaho, Washington, Colorado, Florida, Illinois and Minnesota. They will fluctuate slightly seasonally.

top countries: Canada, UK, France, Germany, Australia, India, Netherlands, Italy, Mexico & China

b. What are your emerging markets?

West Yellowstone's emerging geographic target markets include:

- Knowing travel will be affected by Covid-19 for the near future, we will be developing more messaging and campaigns directed at our surrounding states, the NW region, CO, NV, and AZ for drive traffic.
- Feeder markets to our local airports: Regional jet service with direct flights from Salt Lake City, UT to West Yellowstone May-Oct., and new direct flights into Yellowstone Bozeman International Airport, make for easier access from across the US, especially the coasts.
- Domestically, we are seeing more East Coast markets climbing in our website traffic and visitation including Pennsylvania, Boston and New York. These tend to be repeat, niche markets for snowmobiling, Nordic ski and fly fishing. Internationally, Mexico and India are also increasing online traffic and visitation.
- Regional drive markets including ID, UT, WA, OR, CA, and WY for destination events.
- Through public relation efforts, internet presence, and regional partnerships we want to continue to reach more domestic and international markets including Germany, Canada, India and China. (These campaigns tend to emphasize shoulder season travel.)

Optional: Include attachments here.

c. What research supports your target marketing?

We have increased our research and reporting to verify our markets. These include Visa Vue, NSight, Destination Think Sentiment Report, ITRR and reports in conjunction with MOTBD including Destination Analysts and Arrivalist. We have been able to track visitors who travel to and through our area, and also see how much they are spending and what they are spending it on. We were excited to see that the findings by Destination Analysts, NSight and Destination Think reinforced our niche markets and activity-based groups. The experiences they are having are positive. We also fully recognize the importance of the high potential visitor. We see a higher volume of international and retirees than other areas of Montana, so we also try to take those markets into consideration when evaluating potential campaigns.

ITRR statistics provide us this info regarding visitors who stayed at least 1 night in West Yellowstone:

- Top 5 Attractions: Yellowstone/Glacier National Park, Mountains/Forests, Open Space
- Top Niche Activities: Snowmobiling, Fishing, Wildlife Watching, History & Culture
- The majority entered MT through West Yellowstone by motor vehicle.
- WY Visitor Center has welcomed over 121,189 guests YTD in FY20 (down 2% from FY19).
- VIC = 61% use internet for trip planning, 20% recommendations from previous visitors, 17% mobile apps, and once here 40% used Visitor Information Center staff
- Visitor Breakout = 53% are repeat visitors, 19% first-time, 28% mixed; and 57% plan to return within 2 years
- Average age is 59. Average household income \$50,000-\$100,000
- Average group size was 2.57 (couples and families).
- Top five activities include scenic drives, day hiking, wildlife, photography, RV/camping
- Average night stay 5.7 nights in MT (spent at least one night in W. Yell).
- Top 5 States: CA, NV, WA, PA, MI
- Top 5 Countries: Germany, Great Britain, Canada, Australia, Spain

Google Analytics from destinationyellowstone.com show us interesting statistics for our website traffic:

- Our visitors are split 50/50 male and female.
- Primary age group 35-64.
- Interests include: Travel, Outdoor Enthusiasts, News/Weather, Food & Dining, Real Estate, Home & Garden

1. Attract visitors by communicating an image consistent with our long-term vision as a vacation destination and one that places high value on existing assets, amenities and natural resources of the region.

- Focus on the fact that we are THE closest gateway to Old Faithful, the most convenient for experiencing Yellowstone, especially targeting drive market population centers in a 5-10 hour radius (Utah, Idaho, Wyoming, Washington, Oregon, North and South Dakota, as well as southern Canada) and for some limited and targeted campaigns, Montana.
- Focus on our traditional niche activities especially in winter and shoulder seasons. Increase focus on activities that align with events such as biking (Old Faithful Cycle Tour), cross country skiing (Yellowstone Ski Festival and Rendezvous Race), fishing (North American Ice Fishing Circuit), and snowmobiling (media Snow Shoot and Snowmobile Events).
- Retain our traditional markets while focusing on expanding markets that apply to us including those identified through research. Offer destination events such as Kids'N'Snow that appeal to these markets.
- Increase our image as having historic and cultural sites by promoting the 1959 Madison Canyon Earthquake informational drive and site, the Nez Perce and Bannock trails; as well as honoring our historic past with support of events/activities of the Yellowstone Museum, Historic Walking Tour and partnering with the Hebgen Lake District of the USFS to promote these sites.

Increase visitation in shoulder and winter seasons.

- Brand ourselves as a year-round destination, emphasizing our numerous outdoor adventure niches, and central location to Park and area attractions.
- Foster a positive picture of our community, in touch with environmental concerns and sustainability.
- Continue to build on our "Heart of" signature in all of our campaigns

2. Continue to expand our marketing effectiveness by joining our efforts with those of marketing partners. Incorporate the Montana brand pillars and initiatives whenever possible.

As much as our defined budget allows, we will continue to partner with MOTBD, Yellowstone Country, and other entities as we carry on toward fulfilling the goals of the existing and any new MOTBD strategic plans. We will also draw upon our private sector marketing partners. We understand the value of participating in joint ventures that help stretch marketing dollars in new ways and reduce duplication where possible.

3. Continue to target our market as accurately as possible, to assure funding is used to reach an audience that asks for information, travels to West Yellowstone, and spends significant dollars.

We will use a variety of proven marketing efforts and track those efforts, while integrating new progressive marketing techniques. Across every season we will appeal to our identified audiences and markets.

Measurable Objectives are attached.

a. In what types of co-ops with MTOT would you like to participate?

We would like to continue participating in Joint Ventures with MOTBD as our budget allows, and explore any other opportunities that pertain to our activities and amenities.

We find online to be more advantageous for West Yellowstone, because it can hit a much larger, yet targeted audience, and provides clear ROI tracking.

We do not have the budget to participate in large print campaigns with the repetition needed to be successful, but if package promotions including print, digital, social, etc were presented, we would be interested.

We are always open to new joint venture opportunities, incorporating public/private partnerships with MOTBD, our tourism regions and other state organizations with like-minded goals.

Optional: Include attachment here.

b. In what other types of co-ops would you like to participate? (Regions/CVBs, etc.)

We would love to participate in more Joint Ventures including Region/CVB, as budgets and alignment with our marketing plan allow.

Some Joint Ventures programs do not include activities and amenities that West Yellowstone offers. Because our region is so diverse, many joint venture opportunities focus on specific markets that do not match our niche activities.

We have found research JV opportunities be both cost effective and great return with the knowledge gleaned.

c. What types of co-ops have you done in the past? Were they successful - why or why not?

In the recent past we have taken advantage of Joint Venture marketing programs with MOTBD including Visa Vue and LiveIntent. Research and online targeted campaigns were very beneficial and performed well, and were successful in incorporating the Montana Brand to drive potential visitors to our specific area.

We also participated in Joint Ventures programs with Yellowstone Country including TripAdvisor Pages, combined winter print co-op, and spring programmatic digital campaign. These have all done well and produced quality leads.

The other Joint Venture program of which we are pleased to be a partner in, was the Yellowstone Loop Partnership with Visit Utah promoting a route from Salt Lake through Grand Teton and Yellowstone Parks highlighting gateways communities and locations off the beaten path. Through this partnership, we were asked to host one of the 50 International Journalists in 50 US locations through Brand USA, and were the only Montana location included in the program.

We consider these Joint Ventures to be successful avenues of marketing and will continue to participate as our budget and market alignment allows.

		<p>Our website is one of our most important marketing tools, if not the most important method to maintain our market share. It seems all three levels are of the decision-making pyramid (inspiration, orientation, facilitation) are working together.</p> <p>West Yellowstone has adopted a new strategy for our website to be more flexible responding to the ever- changing ways visitors interact online. While our strategy will continue to use maintenance, content development and integration of mobile and web cam applications to stay competitive in the market, we are utilizing a Growth Driven Design concept. Our action plan includes, but is not limited to existing strategies, but will allow us the flexibility to update/create more interactive landing pages for campaigns, integrate maps with our database, make greater use of video and increase usability.</p> <p>Growth Driven Design (GDD) focuses on prioritized planning with development sprints (blocks of projects that can be checked off),</p>						

Consumer	Website/Internet Development/Updates	<p>instead of major changes when RFPs are done. GDD allows us to spread out our budget instead of huge up-front investments. We can make on-going changes to make sure our content is accurate and up-to-date.</p> <p>We are able to better measure our visitors' behavior and customize our content to what they want. It allows for greater integration with our marketing campaigns. Our decisions will be based more on data, allowing for quicker results with less risk.</p> <p>In this method, we have also included the maintenance, updates and content development for some of our segment sites including Kids'N'Snow. Content creation and updates for these sites, creates consistency across our marketing campaigns and increases referral traffic to DestinationYellowstone.com.</p> <p>As content creation, distribution and management has become more time consuming, we have added a part-time staffer to assist with website, social media and e-news content management. This has given our Marketing Director the necessary time to focus on placements and new media that will serve our needs in the best possible way. - Train staff on responding to the contact form (scripts for standard responses) and audit as needed.
- Train staff on updating snowmobile and Nordic ski reports.
- Work with Marketing on Google Analytics (reports to run) & tracking.
- Work with Marketing on development of meta- and alt-tags (initial and then revisions).
- Work with Marketing on linking strategy (developing/correcting in-bound links, embedded website links, external links from the website).
- Run organic search checks on Google, Bing, and Yahoo for keywords/long-tail phrases & document standing.
- Website Analytics and Marketing Interface.

Development: Identify possible new applications and technology integrations and incorporate these into our website. This could include and is not limited to:

- Design, develop & implement additional buttons and/or pages to our web site as promotions & opportunities arise.
- Maps
- Itineraries
- Accessibility

Technology Enhancements:

- Update the pdf of our Destination Guidebook & other resources on our website, enable RSS feeds, upload podcasts, and additional YouTube videos
- Creating and enhancing more mobile-friendly resources on the website

Web Cam: Our webcam (located at the trailhead for the Rendezvous Ski Trail) has a dedicated transmission connection. Our strategy includes monthly maintenance and hosting costs. We are also exploring partnerships with local businesses for further webcam development and placements.

Consumer	Joint Ventures	<p>We try to take advantage of joint venture marketing programs with MOTBD, Yellowstone Country and community partners as much as our budget and our goals allow. In the past, these projects have primarily included print and online advertising buys and research.</p> <p>Starting in FY16, we partnered with Visit Utah to become a part of the Yellowstone Loop marketing group, that also includes other Park Gateway communities and those along the travel route between Salt Lake and Yellowstone. For a small investment, the partners are able to market to international and domestic markets online and in print. Representatives were sent to the two largest consumer shows in the world in Europe as well as IPW, and we participated and hosted FAM tours that included receptives and partners from the areas included in the marketing campaign, including Canada, Germany, UK, China and US. Digital campaigns are currently running in all markets. We would like to continue with this program and build on the return we are already seeing. We also heard from contacts, partners and lodging facilities that bookings were made from these FAMs.</p> <p>Other joint venture opportunities may come about as community projects and events, or with other marketing regions and organizations in neighboring states. West Yellowstone is allocating funds because we feel that being able to work with other private and public entities strengthens our community message and allows us to stretch our marketing funds to reach larger markets.</p>	<p>West Yellowstone is in a good position, both physically and logistically to partner with many different entities to promote our community and state. Being located at the West Entrance to Yellowstone National Park is a great benefit that brings many opportunities our way. Yellowstone National Park is at the top of international travelers' lists, and many of those travelers come into the West Coast or Salt Lake City and travel through Idaho to reach the West Gate. These are the visitors we want to capture. With the ever-increasing number of international travelers (our fastest growing market), we need to figure out creative and cost-efficient ways to market. That is where partnerships come in.</p> <p>We have found that by partnering with organizations like Utah, Yellowstone Country and MOTBD, the benefits are exponential, including additional print and online presence. Campaign reports show high reach and impressions, while achieving our goals of engagements and clicks to our website landing pages. We've also been able to add over 14,000 qualified leads to our email database.</p> <p>We are also represented at meetings and consumer shows in the region and beyond. Things we could not achieve alone with our smaller budget.</p> <p>Recent research projects with MOTBD and Yellowstone Country, including Visa Vue and NSight, help us confirm our niche markets, geographic and demographic markets.</p> <p>These partnerships will become increasingly important as the demographics of our visitors change. Marketing to international markets is expensive and labor intensive. For our winter campaigns, we incorporate event driven advertising with a destination message. Many of our local businesses take our printed materials to consumer shows that they attend throughout the year, emphasizing West Yellowstone as a year-round destination with a multitude of amenities, activities and events. Consumer	Photo/Video Library	<p>It is important to represent our destination through vivid, eye-catching images. It is also very important to have current images for niche activities like ski, snowmobile and fishing where clothing and products continue to change and become outdated after 2-3 years. This requires continuously adding new images so we are always rotating new images in for old ones. To do this, the West Yellowstone CVB plans to utilize the network of local photographers and partners who graciously allow us to use their photographs and videos at no or low cost for marketing purposes including print, online, website and social media.</p> <p>The West Yellowstone CVB would also like to have funds to hire a photographer/videographer for more specific photo opportunities including 360 video, seasonal and niche activity/event footage.</p> <p>Every so often, we have requests from niche shows that film in the area; many times it is only for assistance in locations and communications with members. Marketing Support	VIC Funding/Staffing/Signage	<p>The Lodging Facilities Use Tax Fund has always allocated a percentage of the budget to VIC support and will continue to do so. The WY Chamber/CVB also receives funding from Yellowstone Country Regional Tourism, The Town of West Yellowstone and the West Yellowstone Tourism Improvement District (TBID). The West Yellowstone Chamber provides the required high-speed internet access, workers comp, the building and building maintenance. The Town of West Yellowstone supplies restroom maintenance and supplies, lawn and parking lot maintenance, as well as support of staffing.</p> <p>We will work with our partners (state, region, and local) to continue to educate our VIC staff on the social and economic importance of the tourism industry in the local area, region, and state. We will also educate the staff about the multitude and vast variety of experiences available.</p> <p>The staff will receive training on how to use our marketing tools (website, electronic resources, Vacation Planner, and new texting program) to best leverage all avenues of communications and promotions.</p>	<p>The number of travelers stopping at the West Yellowstone Visitor Center is significant: the door count for FY19 was over 190,000 visitors (2% increase over previous year); and current FY to date the Visitor Center has serviced nearly over 121,000 visitors. Visitors were recorded from over 45 countries and all 50 states. The VIC staff also answers phone calls and email requests for information.</p> <p>By having the interaction with visitors we, many times a day, increase the quality of guests' experience (i.e., an activity they hadn't known of or planned), length of stay and the potential for a return visit to the West Yellowstone area and, as well, visits by their friends and family.</p>	<p>General</p> <ul style="list-style-type: none"> • 3% increase in West Yellowstone Resort Tax Collections over the previous fiscal year. • 1% increase Lodging Facilities Use Tax Collections (bed tax). • 2% increase in airline arrivals to the West Yellowstone Airport. <p>Website</p> <ul style="list-style-type: none"> • 10% increase over the previous fiscal year for online campaign landing page as entry point. • 5% increase in mobile traffic over the previous fiscal year. <p>Social Media</p> <ul style="list-style-type: none"> • 8% increase in social media followers over the previous fiscal year. • 12% increase in social engagements over the previous fiscal year. <p>Email</p> <ul style="list-style-type: none"> • Increase email subscribers by 15%. • Local emails (B2B): Increasing open rates to 35%, CTR to 18%. • General/niche 	<p>The VIC staff is our most critical marketing product "on the ground" here in West Yellowstone. Marketing Support	Outreach	<p>As a small, rural community who relies on tourism as our number one industry, it is important to provide our businesses with current and relevant information regarding the travel industry to help them maximize their efforts and success, as well as the community as a whole.</p> <p>Previously, MOTBD provided communities with front-line customer service training workshops, which the Chamber previously enhanced. Since a change in the program, the VIC, Chamber and TBID staff have offered a half day Frontline Training seminar in conjunction with the Host Week program West Yellowstone shares with Big Sky. This has been one of the most highly attended workshops in West Yellowstone. Businesses find it necessary for their changing seasonal staff and those new to our community.</p> <p>The Chamber also offers Learning Workshops throughout the winter season including customer service, marketing and other tourism related topics. In 2018, we partnered with a private business and the Yellowstone Historic Center to bring in a nationally recognized business consultant and speaker for our businesses, who also did one-on-one meetings. This was well attended, with full appointments. Many attendees implemented learnings right away, others asked about future workshops.</p> <p>For the 2019 Frontline training, we partnered with Flathead Community College to bring in the Customer Service Training similar to the previous Superhost program.</p> <p>With feedback after our last program, and discussions with local businesses, we are changing up our program this year, offering a shorter presentation, and adding one-on-one presentations at individual businesses. We found that many employers couldn't spare the number of employees that they would like to send for a half day and asked us to attend orientation sessions. Others preferred the local content as well.</p> <p>These just a few examples of what this method may help fund, but other opportunities may arise in which we would like to participate.</p>	<p>In past years, over 100 participants have come to the Local Front-line training offered each spring. The Chamber's learning workshops have also had 20-30 participants. Customer service and front-line training are important to our local businesses. Our small business owners cannot afford to travel, and often the time of formal training workshops, therefore rely on the information we can provide them.</p> <p>Currently our Marketing Director sends out a weekly email with community information and current marketing trends and tips which has an open rate of over 30%. Marketing Support	Crisis Management	<p>We are often confronted by unanticipated challenges including natural disasters that require crisis management. Events beyond our control including government policy changes, road construction, wildfires, and other forces of nature have caused us to create -accurate information releases and documents with such things as alternative routes and activities for our front-line staffs.</p> <p>In the event of any of these unexpected situations, we need to proactively implement a crisis management process that we have created and successfully used in the past. This could include additional unanticipated expenditures including increasing hours of marketing publication relations and other support staff during the crisis. We may also need to hire additional staff for the Visitor Information Center to distribute bulletins to local businesses.</p> <p>Our crisis management plan includes, but is not limited to these components:</p> <ul style="list-style-type: none"> • Coordination with all agencies to have effective input in all press releases. • Update relevant website content, including highlighted stories in the "new sections" of the home page on our own website, Chamber Facebook and Twitter accounts, as well as updates in relevant trip blogs such as Trip Advisor. <i>Note: it is critical to have updates in place early in the morning and throughout the day as situations are updated or changed.</i> • Issue news releases if needed. • Website content and news releases could contain the following: <ul style="list-style-type: none"> ◦ Overview related to visitors ◦ Specific information on the incident (location, size, containment, closures, evacuations, air quality) ◦ Information on major road closures, alternative routes, major roads that are still open ◦ Areas, attractions, and activities that are still available ◦ Phone numbers and websites for additional information • Coordination with Yellowstone Park, the USFS, Yellowstone concessionaires, and other partners to have an effective communication channel for all Yellowstone guests. • Aid with organizing and conducting public meetings. 	<p>As evidenced with the Yellowstone River Closure in 2016 and wildfires in Glacier Country in 2017, road closures due to storms, and now outbreaks of illness, we need to be able to react quickly when faced with the unexpected natural disasters or earlier closing of Yellowstone Park to visitors.</p> <p>There is only a limited window of opportunity, so the need is high to be nimble and effective in order to increase our possibility of retaining visitors and potential visitors when things happen that are out of our control including natural disasters like wildfires, or government inflicted budget cuts or shut downs.</p>	<p>General</p> <ul style="list-style-type: none"> • 3% increase in West Yellowstone Resort Tax Collections over the previous fiscal year. • 1% increase Lodging Facilities Use Tax Collections (bed tax). • 2% increase in airline arrivals to the West Yellowstone Airport. <p>Website</p> <ul style="list-style-type: none"> • 10% increase over the previous fiscal year for online campaign landing page as entry point. • 5% increase in mobile traffic over the previous fiscal year. <p>Social Media</p> <ul style="list-style-type: none"> • 8% increase in social media followers over the previous fiscal year. • 12% increase in social engagements over the previous fiscal year. <p>Email</p>	<p>Time is something that is in very short supply when a crisis breaks. As a result of events including Park closures, access restrictions, delayed openings, sequestrations and budget cuts, West Yellowstone recognizes that we face challenges convincing the traveling public that our destination is value-based and that we remain a top destination for travelers to Yellowstone Park and southwestern Montana.</p> <p>This aligns with our goals of:</p> <ul style="list-style-type: none"> • Attracting visitors to West Yellowstone by communicating an image that is consistent with our long-term vision of West Yellowstone as a family-friendly vacation destination in all seasons. • Expanding our marketing potential by participating in partnerships with private businesses and with other tourism organizations. • Targeting our market as accurately as possible 	\$100.00

Coordination of radio Public Service Announcements if needed (PSA's). • Door-to-door distribution of informational materials to frontline staff at local businesses. 		<ul style="list-style-type: none"> • Increase email subscribers by 15%. • Local emails (B2B): Increasing open rates to 35%, CTR to 18%. • General/niche emails (B2C): Increasing open rates to 20%, CTR to 7.5%. 				
Marketing Support	Research	<p>We plan to use several sources of research to aid us to plan and strategize our promotion efforts. We measure and analyze data from our past and current efforts as well as look to professional individuals and organizations such as Montana Institute for Tourism and Recreation Research, Destination Marketing Association West, Destination Think, NSight, Visa Vue, Google and others.</p>	<p>Data helps us understand a visitor's purchasing and travel patterns and gives us aggregated behavior insights about particular demographics. It can shine light on customers' choice of travel destinations and times. Techniques like web scraping and social media listening can help us analyze the electronic Word- of-Mouth (eWOM) of various services and products. Data can help DMOs get a thorough picture of the market, competitive strategies and the brand performance.</p> <p>According to careertrend.com, marketing research allows tourism organizations and businesses to gather and consolidate information reflecting customer satisfaction, wants and needs. In addition, it can also provide statistics on customer's number of visits, profiles and characteristics. The research can also measure which facilities and activities are very popular among tourists and which areas of offered services need improvement. DMOs are also able to know how effective advertising strategies are in attracting visitors.</p> <p>Aligns with our goals of:</p> <ul style="list-style-type: none"> • Attracting visitors to West Yellowstone by communicating an image that is consistent with our long-term vision of West Yellowstone as a vacation destination. • Continuing to target our market as 	<p>General</p> <ul style="list-style-type: none"> • 3% increase in West Yellowstone Resort Tax Collections over the previous fiscal year. • 1% increase Lodging Facilities Use Tax Collections (bed tax). • 2% increase in airline arrivals to the West Yellowstone Airport. <p>Website</p> <ul style="list-style-type: none"> • 10% increase over the previous fiscal year for online campaign landing page as entry point. • 5% increase in mobile traffic over the previous fiscal year. <p>Social Media</p> <ul style="list-style-type: none"> • 8% increase in social media followers over the previous fiscal year. • 12% increase in social 	<p>Research plays a major role in affirming our planning efforts are on target and analyzing how our campaigns are performing. Publicity	Fam Trips	<p>Public relations are a key role in maintaining West Yellowstone's position as a top destination for travelers to Yellowstone Park and southwestern Montana. Public relations challenges for FY21 will derive from known factors like the Coronavirus, and possibly unanticipated ones as well. We are allocating funds to help aid in our communications with potential visitors and those who are already planning their trip to West Yellowstone should the need arise.</p> <p>We will incorporate press promotions/releases into our overall marketing plan to enhance and support traditional methods. This may include paid press release distribution to increase our market reach on a national and international scale.</p> <p>We consistently receive requests from tour companies/operators, media, independent film companies, Yellowstone Country, and MOTBD for support of Press/FAM Trips. Many of these are related to Yellowstone National Park and others are looking for unique and off the beaten path ideas for itineraries. We evaluate each request to see if there is a direct benefit for West Yellowstone and if they meet our criteria. We like to allocate some funds -to appropriate opportunities when they present themselves. Part of the partnership with Visit Utah includes a</p>	<p>In the past we have supported MOTBD, Yellowstone Country Region and other trips. These operators and press have provided West Yellowstone with chances to put our best foot forward and make important networking connections. We know that these trips and tours can be very beneficial for West Yellowstone and Montana. Digital and social media has made it easier to track ROI. With the growth in international travel and even some regions in our area like Northern Utah, having professional and reliable representation by operators and media will be beneficial to our town and area. Digital FAM and influencer trips have become popular and beneficial to DMO's, so we may pursue this avenue in the near future.</p> <p>In FY20, we hosted a post-FAM for TBEX, which resulted in several printed and online articles, as well as blog and social media posts during and after the FAM. One food blog reached over 300,000 viewers on social media alone. Another writer came during the winter for a first-timer and food/beverage look at West Yellowstone for the NW region.</p>	<p>Measurable objectives:</p> <p>General</p> <ul style="list-style-type: none"> 3% increase in West Yellowstone Resort Tax Collections over the previous fiscal year. 1% increase Lodging Facilities Use Tax Collections (bed tax). 2% increase in airline arrivals to the West Yellowstone Airport. <p>Website</p> <ul style="list-style-type: none"> 10% increase over the previous fiscal year for online campaign landing page as entry point. 5% increase in mobile traffic over the previous fiscal year. 	<p>One of our primary marketing strategies is to promote West Yellowstone as a family-friendly destination, in every season, to both traditional families and an ever-increasing intergenerational niche. And, while it is critical to market to our historical niche markets, it is just as important to develop new products that appeal to different market segments or enhance existing ones.</p> <p>Aligns with our goals of:</p> <ul style="list-style-type: none"> Attracting visitors to West Yellowstone by communicating an image that is consistent with our long-term vision of West Yellowstone as a vacation destination. This also gives us insights into the writer's reach and strong platforms. It helps to weed out those with committed assignments from those who just want a free trip to Yellowstone. We ask that all media and FAM participants utilize our social platforms with hashtags and tagging our pages. As articles and blogs are published, they are required to provide samples, links and stats to help us determine ROI.</p> <p>Funds devoted to this strategy will also allow us to create accurate and complete press kits for participants.</p>	<p>Her winter street image alone, had one of our best engagement rates on Instagram.</p> <p>Benefits of influencers and bloggers include:</p> <ul style="list-style-type: none"> • These established writers already have opt-in audiences • Their audiences find them as credible references and value their reviews, tips and insights • Allows for niche marketing • Boosts SEO through credible back links and increased traffic • Generates relevant leads • Aids in content strategy with a flow of fresh content 	<p>Social Media</p> <ul style="list-style-type: none"> • 8% increase in social media followers over the previous fiscal year. • 12% increase in social engagements over the previous fiscal year. <p>Email</p> <ul style="list-style-type: none"> • Increase email subscribers by 15%. • Local emails (B2B): Increasing open rates to 35%, CTR to 18%. • General/niche emails (B2C): Increasing open rates to 20%, CTR to 7.5%. 	<p>our limited funding is spent to reach an audience that not only requests travel information, but also arrives in West Yellowstone and spends significant dollars during the visit.</p> <ul style="list-style-type: none"> • Continuing to expand our marketing potentially participating in partnerships with other tourism partners.
