

Community & Brand Support

Describe your destination (who you are, who you wish to attract and why would they come) addressing your strengths, opportunities, and potential challenges. How does your destination align with Montana's brand pillars?

Description

Belgrade, Montana is a community that is seeing rapid growth. We have a mix of small locally owned businesses as well as larger corporations. Belgrade is the fastest growing community in the State of Montana!

Bozeman Yellowstone International Airport is less than one mile away from the Belgrade city limits. We see visitors from all over the country on a regular basis. Belgrade welcomes visitors and provides many services they need for their stay. Visitors will find clean, up to date hotels, excellent restaurants, parks to relax in and other services for their needs. Visitors will find small town hospitality on their way to Yellowstone National Park and to premier skiing.

Strengths

Breathtaking Experiences by Day – Yellowstone Country Montana offers a number of outdoor recreation adventures and historic draws for visitors. Whether it's a day hike to a mountain lake, a guided fishing expedition, experiencing a day on the slopes of the Bridger Bowl Ski Area or Big Sky, or a trip to the Lewis and Clark Caverns, there will never be a dull day when visiting Belgrade, Montana.

Yellowstone National Park – Belgrade is located within 90 miles of Yellowstone National Park, one of the most popular national parks in the United States. The park attracts visitors from all over the world to experience its wildlife, geysers, hiking, camping and other natural beauties in the summer and winter months.

Travel Services – Bozeman Yellowstone International Airport offers 30 direct flights to Bozeman from major cities across the country and it is the busiest airport in the state of Montana. I-90 runs right through Belgrade, making it easy for arriving by car as well.

Year-Round Recreation- Belgrade is a hub for visitors travelling to Big Sky Resort, fly fishing on the Madison River, white water rafting and kayaking on the Gallatin River and accessing the extensive trail systems within Yellowstone Country Montana. We are 40 minutes from two major ski areas and access to thousands of miles of snowmobiling, cross country skiing and snowshoeing

Parks & Events – Our growing community is home to two major parks and seven smaller neighborhood parks. Lewis & Clark Park is located just off of main street and includes a splash park with multiple picnic shelters. In the fall, Lewis & Clark Park is also home to Fall Festival; Belgrade's largest event. Fall Festival attracts between 5,000-7,000 people every year and we are continually working to increase the number of out of state visitors to participate in this event.

Vibrant and Charming Small Town – Belgrade is a vibrant, charming small town. There are shops, parks, picnic areas, farm and ranch stores, recreation and a quaint downtown. With lovely landscapes and smiles on every corner, the town is warm and welcoming to all travelers and locals alike.

Opportunities

Now that travel restrictions because of Covid-19 are being lifted and it is easier to travel, we feel Montana, our area especially, will be the place to go to. So many people flock to our area for the outdoor activities, hiking and camping being the top two. Our online/digital and social media marketing

campaigns will reflect this.

We feel that since Covid-19, potential visitors will look to travel to Montana for the outdoor activities and wide open spaces. We want visitors to call Belgrade their temporary home while they are exploring all that our area has to offer.

Challenges

We still struggle with Google Maps directing visitors on roads that do not come through Belgrade. These roads are small and not signed well. This can be frustrating to visitors and create a bad first impression. We are doing some research on some Wayfinding information and ways to direct visitors where they need to go.

We often find that visitors will choose Bozeman over Belgrade as they have more services. Belgrade is not a stand alone destination spot. Our online/digital and social marketing campaigns will show Belgrade as an option when traveling to the area by touting excellent customer service, our small town charm and proximity to other destination spots.

Montana's Brand Pillars

Unspoiled Nature – Belgrade is settled in the heart of the Gallatin Valley. Regardless of the direction one looks, the city is surrounded by mountain ranges; The Bridgers, The Spanish Peaks, and the Tobacco Roots. Belgrade is also on the cusp of wide-open farm lands, which offer an additional scene to the snowcapped mountains.

Vibrant and Charming Small Towns – Belgrade is a vibrant, charming small town. There are shops, parks, picnic areas, farm and ranch stores, recreation and a quaint downtown. With lovely landscapes and smiles on every corner, the town is warm and welcoming to all travelers and locals alike.

1. With Covid-19 restrictions starting to lift for the summer tourism season in Montana, our strategy has shifted more towards a regular tourism season. This allows us to rely on research on how to target and implement our marketing strategies to target the right audience:
 1. We follow the research for Tourism & Recreation from the University of Montana (<https://itr.umt.edu/>). This gives a data points to use for deciding demographics and geographic target markets.
 2. Using airport data from the Bozeman Yellowstone International Airport helps us determine new emerging markets and successful existing flight markets to continue to use as a target market. (<https://bozemanairport.com/>)
 3. National tourism research organizations help us understand the tourism markets and expectations outside of Montana. Article such the US Travel Impact study shows us data we can use to find our target markets. (https://www.ustravel.org/system/files/media_root/document/Research_Fact-Sheet_US-Travel-Answer-Sheet.pdf)
 4. We use our past marketing campaign data to determine which markets are producing the best results. Overtime, we are able to see where our marketing funds are most effectively spent.

Goals:

-Increase our presence on social media

We currently have 1900 followers, we would like to gain another 100 in FY22

a. In what types of co-ops with MTOT would you like to participate?

We would like to participate in a joint ventures in digital marketing and print campaigns. We have found it difficult in the past to participate because our budget is small. This year, we allotted more funds for joint ventures and hope to be able to participate when they become available.

Optional: Include attachment here.

b. In what other types of co-ops would you like to participate? (Regions/CVBs, etc.)

We feel that participating with Yellowstone Country and other CVB's in our area can maximize our funds while promoting our area specifically. We will be looking at the joint ventures that Yellowstone Country provides as well as talking to other CVB's about working together.

c. What types of co-ops have you done in the past? Were they successful - why or why not?

We haven't participated in a joint venture in a few years. The last joint ventrure was with Yellowstone Country on a Trip Advisor joint ventrure. The joint venture was mildly successful. We did not feel that the click through rates were as high as we hoped.
